At **BETGOAT**, we are committed to delivering a rewarding and enjoyable gaming environment while promoting responsible play. We recognize the importance of protecting our players from the potential risks associated with gambling and encourage all users to engage responsibly by considering the following guidelines:

- Treat gambling as a form of entertainment—not a source of income.
- Set personal limits on time and money spent.
- Avoid chasing losses or trying to “win it back.”
- Ensure gambling does not interfere with work, relationships, or personal responsibilities.
- Never gamble with funds you cannot afford to lose.
- Take regular breaks to maintain perspective.

Self-Check: Are You Still in Control?

Answering “YES” to several of the following may indicate a gambling problem. If so, we recommend seeking assistance:

- Have you experienced conflict with loved ones over your gambling habits?
- Do you feel compelled to recover losses by continuing to gamble?
- Have you borrowed money to continue gambling?
- Do you rely on gambling as a financial solution?
- Do you struggle to reduce or stop your gambling activity?

How BETGOAT Can Help You

If you are concerned about your gambling behavior, you can request a **self-exclusion** from your BETGOAT account. This feature disables your access for a minimum of 6 months, during which you will not receive marketing communications from us.

Our Customer Support team is available 24/7 to assist with self-exclusion or to activate a **7-day cooling-off period**. We also advise that you consider activating similar restrictions on other gaming platforms where you hold accounts.

Preventing Underage Gambling

BETGOAT only permits access to individuals of **legal gambling age** (18+ or as mandated in your jurisdiction). It is the user's responsibility to ensure they meet this requirement upon registration.

We strongly encourage parents and guardians to take the following precautions to prevent minors from accessing gambling platforms:

- Secure your devices with strong passwords.
- Avoid leaving your account open on unattended devices.
- Keep login credentials and payment details out of children's reach.
- Refrain from saving login information on shared devices.
- Use parental control software such as **Net Nanny** to block access to age-restricted sites.
